

Professional Development Opportunities *(available in-person and on virtual platforms)*

We design and facilitate workshop experiences that support teams to have the tools they need in the context of real challenges.

Pyramid Building 1: Relationships

Build better relationships using our tier 1 topics and tools including: *All Hands-on Deck*, *Roles and Responsibilities*, *Strength-Based Profile*, and the *Connection Table*.

Working Relationships

Improve interactions across your program by creating and sharing *Olympic Stories*, doing *Respect Checks*, and using our *Conflict Resolver*.

Meeting Families Where They Are

Expand how family engagement and involvement are defined by recognizing and respecting the realities and routines of each family's situation.

Capacity Building Relationships

Reflect upon and advance your efforts to develop the practice, confidence, competence, and beliefs of professionals you support.

(Your Workshop Here)

System 1-2-3 customizes professional development opportunities. We work with you to determine exactly what your organization needs and create content and activities to meet those needs. System 1-2-3 has PQAS certified instructors with knowledge in: MTSS, PBIS, TPOT, Coaching, Behavior Analysis, and Early Childhood Mental Health.

Pyramid Building 2: Routine

Enhance your daily classroom routine using our tier 2 tools including: *Expectations and Opportunities*, *Transition Task Analyzer*, and *Not My Way, But I'm OK*.

The Cruisin' Classroom

Energize your classroom using this theme-based approach to engage learners in traveling between destinations and taking advantage available opportunities.

Friends and Frustrations

Consider and connect with the perspectives of the learners you support who are trying to navigate the social and emotional challenges of their day.

Chef, Crunch and Crumb

Meet and use these three puppet characters to create and facilitate social and emotional learning activities.

Pyramid Building 3: Reinforcement & Response

Understand and address behavior challenges using our tier 3 tools including: *ABC Hypothesis Explorer*, *The Mall of Opportunity*, and *The De-escalator*.

Family Engagement in Behavior Support

Advance through listening, reframing, and coaching while learning to use our family engagement continuum in relation to supporting behavior change.

My Colorful Behavior Story

Develop effective behavior change strategies by identifying, analyzing, and advancing your current approach using our color-coded tool.

Safe Making Actions

Plan and practice procedures for responding to unsafe behavior designed to restore safety with the least restrictive and intrusive approaches.

Train the Trainer Models and Materials

We are system-focused and work with you to design a professional development process which works within your system. We will support your staff in using our content and activities across your program.
